Points are earned by contributing to any of the many extra-curricular activities offered at the school. Students who receive an award in each of their three years of high school will be given a Distinction Award in their graduating year.

A list has been posted for students to check their point total. Students will receive their award onstage in our AV Room on Wed., May 30th. The evening starts at 6:30; students should dress appropriately and be here by 6:15 to be lined up in alphabetical order. Other special awards are given out on this night, as well, including the Lieutenant Governor's Medals.
