PROCESS FOR RESPONDING TO A PARENTAL QUESTION / CONCERN

The following process is in place to ensure parents/guardians receive an initial prompt response to questions/concerns. Responses at each step should be provided as quickly as possible.

If you have a question or concern pertaining to your child’s extra-curricular activity, you should first try to resolve the issue with the appropriate coach or staff advisor. The majority of concerns can be resolved in this manner.

If the issue is not resolved through communication with the appropriate coach or staff advisor, please complete the form below and take it the Athletic Director or your child’s vice principal. The school principal may be called upon or Centre for Education staff may be consulted, to help resolve the issue.
